Jim Wilcox	33/60	R-9	B&L 6-24X40	7.9 Premiers

* Placing determined by shoot-off.

EFTCC @ DCPA 10-29-2000 Field Target Match Results

The Sight-In Lane opened at 8am as was scheduled. The forecast called for light snow flurries which apparently scared off a few of the shooters coming from long distances. Despite this we still had 2 shooters come from New Jersey, 1 from Pennsylvania, 2 from Connecticut, and one drive down from Albany. Our scheduled start time was delayed due to some late entries. Not wanting to turn any shooters away, the match started a little late at 10am. There was a consistent 3-5 mph breeze through out the day. The day started out bright and sunny in the morning and grew to overcast through out the match but we had no precipitation except for a few snowflakes to remind us it was winter. Most shooters seemed cold throughout the match and the hot cocoa we provided seemed very much appreciated. Since there were no leaves on the trees all targets seemed bright through the scope all day. We had our usual 10 lanes with three targets per lane. One lane was required all standing and another was a designated kneeling only. Shooters that could not physically kneel were able to shoot the lane Standing. The targets were impossible to see from the seated position anyway. We heard mixed feelings about this lane, which will be a permanent kneeling lane at our match. There were 2 shoot-offs required. One for second and third spring gun, and the other for first and second Junior State Champion. Targets were repositioned for the shot-off, so no one shot at a target that they were familiar with. Results are as above. We also had a Special Bonus Lane with a Measured and Announced 75 yard Field Target. The Bonus Target was not part of the scoring for the field target match. Six of the Fourteen competitors entered our 75 Yard Club by knocking down the Target and earning a special certificate. The shooters who accomplished this great feat in the wind were ~ John Quiter, Jim Wilcox (who both got it shooting Off-Hand), John Way, Joe Harrison, Hans Apelles and

Ray Apelles. After the awards were handed out many of the competitor's joined us for our traditional post match all you can eat dinner at a neighboring Home Town Buffet. Thank You to all for the assistance with the speedy cleanup.

Starting in January there will be a change in scoring for the Junior Class ONLY. Juniors will score 2 points for a knocked down Field Target, 1 point for a hit on metal, and 0 points for a complete miss (2,1,0). This will reward the Junior's with a more gratifying score.

The next match for EFTCC at DCPA will be our Traditional **Mid-Winter Indoor/Outdoor Off-Hand Only Match**. The competitors will be within the confines of the heated shooters building while the targets will be outside in the frigid conditions. This match went very well last year and no one wore a coat for the entire event. This will be held on January 28th. You may want to check out the results and pictures from last years Mid-Winter Indoor/Outdoor FT Match stored on the "A" Team's web Site (dated 12/12/1999). See below for all of next years schedule. All previous EFTCC match results can be found on the "A" Team's web Site (<http://www.bestweb.net/~ateamray>).
